

33 REASONS FOR

- 1. Deuschle, a mid-sized family owned company since 1966**
Take advantage of the know-how from over 50 years of spindles & spindle service.
- 2. Long-term permanent employees**
You access a team with years of experience > 25 years back.
- 3. Long-term customer satisfaction**
Our first customers are still our customers today. Long-term, partnership-based cooperation is important to us.
- 4. Employee training**
Regular training guarantees that our employees have current knowledge at all times.
- 5. References**
Ask for references. Over 20,000 delivered spindles speak for themselves.
- 6. Emergency relief**
Our hotline is set up for you. Our staff will be happy to answer your questions.
- 7. Fair and honest Treatment**
A fair and honest cooperation is our basis for cooperation. The Christian image of the owner-managed management guarantees this.
- 8. Transparent pricing**
Attractive calculation, good price-performance balance, up to 40% cheaper than the manufacturer.
- 9. Flexibility**
We will meet your requirements. Take the goods from you to our location and back. Few repair spindles, develop new spindles, connect spindles to peripheral devices. We are there for you.
- 10. Delivery Reliability**
Delivery dates agreed with you will be met.
- 11. Sales partners**
30 years of experience as an authorized sales partner of the spindle manufacturers for Fischer AG, Switzerland and Precise precision spindles, Leichlingen (FischerPrecise) for Germany underpin the competence at the highest level.
- 12. Enormous portfolio**
All common spindle types and manufacturers are repaired by us (ball bearing, roller bearing);
From light 200 grams (diameter 35mm) to 1.4 tons (spindle head stocks).
- 13. Quality**
You get a consistent, good quality of products. We are ISO 9001:2008 certified.
- 14. Warranty**
We guarantee for the executed services with 6 months or operating 3500hrs.
- 15. Competent contacts**
For you, competent employees in the office duty as well as in the Field Service are reachable and help you with your questions.
- 16. Final Check 100%**
Each spindle is tested in the test field up to 8h. A test report reports the services and is handed over to you.
- 17. 3-D models (CAD)**
For new spindle projects, you will receive digital drawing files for integration into your project (STP, ICS).
